

IEEE INDUSTRY APPLICATIONS SOCIETY BALTIMORE CHAPTER

Seminar Title: Transformer Construction and Application

Place: Capital Tristate: 600 W. Hamburg Street, Baltimore, MD 21230

Date: October 14, 2015

Time: 12:30PM to 5:00PM

The course will be limited to the first 50 registrants.

Fees: \$100 for IEEE members, \$115 for non-members

Credits: 4 Professional Development Hours (PDHs)

Description: Type Transformers – Overview and Applications

The presentation shall provide an in-depth overview of dry type and liquid filled transformer construction. The presentation shall focus on different transformer types, and their specific applications and specification requirements or options. There shall also be an overview of new DOE requirements for transformers in 2016.

Instructor: Kevin W. Eaton

Kevin is a business development leader for ABB Inc. Kevin attended Middle Tennessee State University where he achieved a Bachelor's of Science degree in Engineering Technology. Kevin joined ABB in support of Dry Type Transformers in 2011 as marketing engineer with a focus on the utility industry.
